

SAP Document & Reporting Compliance (DRC)

Global Tax Compliance. Simplified, Secured, and Delivered by M10TEK.

M10TEK is a premier SAP-certified implementation partner for Document and Reporting Compliance (DRC), bringing years of hands-on experience in deploying scalable, efficient, & audit-ready compliance solutions. In a world where tax regulations shift rapidly & governments demand real-time visibility into transactional data, M10TEK enables companies to confidently meet e-invoicing, statutory reporting, & digital submission mandates across over 50 countries.

Why Choose M10TEK for SAP DRC?

- Deep industry experience with global rollouts in Public Sector, Life Sciences, Oil & Gas, Manufacturing, and High Tech.
- End-to-end services from readiness assessments through configuration, integration, testing, and support.
- White-labeled delivery on behalf of SAP and trusted by SAP to lead major global compliance initiatives.
- Rapid implementation methodology tailored to your ERP landscape: ECC, S/4HANA, and hybrid environments.
- 24/7 support model with localized regulatory expertise and multi-jurisdictional scalability.

What We Deliver

- Electronic Invoicing for jurisdictions with real-time and post-audit mandates (CTC models).
- PEPPOL integration for pan-European digital invoicing.
- SAF-T, VAT, GST, and jurisdiction-specific reports aligned with each local authority's format.
- Digital signature & certificate integration for secured document transmission.
- Dashboards, monitoring tools, & automation frameworks that minimize human error.

Future-Ready Compliance Starts Here:

With SAP continuously evolving its DRC roadmap, our consultants work directly with SAP product teams to stay ahead of updates, legal changes, and country-specific adaptations. We ensure your system is not only current — it's prepared for what's coming next.

Complimentary Global DRC Assessment

M10TEK offers a no-cost evaluation of your SAP environment to identify compliance gaps, recommend process optimizations, and define a roadmap customized to your global footprint. Whether you're just starting or seeking to expand compliance coverage, our consultants are ready to help.
